Re: HOPE Preliminary Calculations

Date: March 3, 2008

Your HOPE GPA preliminary calculation may be viewed online at GA College 411. You should already have an account. If you do not, you must first create an account. After you have an account created, follow these instructions:

1. log onto www.gacollege411.org/
 2. Select “Log On”. Enter your username and password to access your account.
 3. Click on “My 411”.
 4. Click on “My Financial Aid”, located on the menu to the left.
 5. Select “HOPE GPA Calculation Report”
 6. This will take you to a new screen which welcomes you. You must then select your school by selecting “S”, then “Southland Academy-Sumter” from the drop down menu. Click Select.
 7. All of your information should then be viewable.
- Notice that you also have the option to “View you Detailed GPA Report.” This report specifically shows what courses were counted in the calculation of your GPA. **ONLY COMPLETED COURSES ARE COUNTED AT THIS CALCULATION.**
